Highlighted Programs

Montcalm Community College prepares students for great careers in high-demand, high-wage fields. We offer small class sizes and class times that fit students’ schedules on our campuses in Sidney and Greenville. For more information, visit montcalm.edu or call 989-328-1277.

Heating, Ventilation and Air Conditioning (HVAC) (A.A.S. and certificate)
This program provides the background, skills, knowledge, understanding and techniques needed for students to work as HVAC technicians. Students gain knowledge of various environmental conditions and how they impact human comfort level. In addition, students will have the skills necessary to install and service HVAC systems. Students should develop sufficient skills and knowledge for North American Technician Excellence (NATE) Certification.

Registered Nursing (ADN) (A.A.S.)
This program prepares students for employment opportunities as nurses. It is designed to provide the credits necessary for eligibility to take the nursing licensure examination to become a Registered Nurse (RN), and transferability for a bachelor’s degree in nursing. Admission to MCC’s nursing program is based on seat availability and is limited based on regulatory agencies and program requirements.

Nursing Professional Track (A.A.S.)
This program is designed for associate degree Registered Nurses who want to further their education. This program allows students to take almost three years of credit hours at MCC and then transfer to a partner institution to finish their Bachelor of Science in Nursing program. Students must finish MCC’s Registered Nursing (ADN), A.A.S. degree; those credits apply to this program.

Criminal Justice (A.A.S. and certificate)
The associate of applied science degree program prepares students for careers in the criminal justice field. It is designed to provide an understanding of criminal justice, while allowing students to obtain special work-related skills necessary for work in a variety of criminal justice positions with police, courts and corrections. This degree provides the foundation for continued study at the bachelor's degree level. The Criminal Justice/Corrections Certificate prepares students for careers with state, county or city correctional agencies. It meets the Michigan Corrections Officer Training Council employment guidelines. Coursework is transferrable to most colleges and universities offering degrees in corrections.
